1508 London, Residence One

Residence One has hired a new head of design from 1508 London.

William Bles has joined the boutique developer after nearly two years at the interior design and architecture studio, where he worked on high-profile projects including 39-40 Lowndes Square and a Chelsea Barracks townhouse.

The first eight years of his career in prime resi development were spent at Paul Davis and Partners, working on schemes including 3-10 Grosvenor Crescent, 20 Grosvenor Square and The Chelsea Cinema.

Founded in 2013, Residence One has delivered top-end homes on addresses across PCL, including Chester Square, Eaton Mews North and Wilton Street, and acquired three new sites during the lockdown (including its first multi-unit endeavours); Bles will be leading the design of these and all future projects for the Fulham-based firm.

Ben Wilson, Director at Residence One: “Will joins us at an exciting time during our expansion into multi-unit developments and we are certain he will be a great asset to our team.”
